## Il Sereno Lago di Como

Building on the success of Le Sereno St Barths, Il Sereno Lago di Como will join a select group of illustrious lake hotels on the iconic shores of Lake Como. The owners joined forces with Milan-based designer Patricia Urquiola to introduce a contemporary and more relaxed interpretation of luxury, design and personalised service. Situated on a sunny

promontory next to the village of Torno and surrounded by views of the lake's natural beauty, lush gardens and idyllic towns, Il Sereno Lago di Como's lakefront location stretches along the eastern shore. With just thirty suites, the hotel follows the brand's philosophy of contemporary luxury, with spectacular lake views and private terraces at every turn.

*Opening in August 2016*

## Grace Santorini

Just in time for the season, the Grace Santorini's extensive renovation was completed in May 2016. The renovation provides guests with a significantly upgraded experience, whilst retaining the intimacy the hotel has become synonymous with. Innovative design, a new Champagne lounge, an extensively expanded culinary experience and a holistic approach to wellness all grace the property's facelift. With breathtaking caldera views from Imerovigli, two new suites with private plunge pools and terraces offer the quintessential Santorini experience.
